TIME TO PLANT

U. S. Department of Agriculture

Peonies may be planted any time in the fall from the first of September until the ground freezes or early spring. We begin shipping the first week in September.

CULTURE

Peonies do well in any good garden soil which is well drained. Open sunlight or only partial shade is preferred. Full instructions will be furnished with each shipment.

SIZE OF ROOT

The prices in this list are for Large Divisions with 3 to 5 or more eyes.

OUR GUARANTEE

We exercise great care in handling and shipping our stock to prevent varieties becoming mixed and guarantee plants sent out to be true to name. If an error should occur, however, we will gladly rectify it.

TERMS

Our terms are cash with order or before shipment unless credit has already been established.

C. O. D. orders must be accompanied by at least one-third of the amount in cash.

SHIPMENT

We have found express to be the most reliable means of shipping peonies and will ship that way unless otherwise arranged. If Parcel Post shipment is desired sufficient postage must be included with remittance. Excess postage will be returned.

Our reference. N. W. National Bank, First National Bank, Minneapolis, Minn.
